### **MITE LEAGUE** (see levels offered)

Beginning this Winter, Glacier Youth Hockey will offer both the cross-ice league as well as the standard full-ice league. The cross-ice will continue to follow the guidelines set forth from USA Hockey and the ADM (American Development Model). This program will be better suited for all players aged 4-6 years old. The players will have 1 practice every week and 1 cross-ice game on the studio rink. All players will be separated onto teams. The emphasis will be on skill development and enjoyment. By having practices and games on the studio rink, all players will be more engaged and more involved in all aspects of the game. This is the perfect program for all players just starting out. We encourage all parents to visit the USA Hockey website dedicated for this program to learn more: ([WWW.ADMKIDS.COM](http://WWW.ADMKIDS.COM))

For players that are 7-8, we are offering full-ice league play on the main rink. Players will be separated onto teams and take part in a weekly practice and game. Coaches will continue to focus on skills development while teaching players about teamwork and positioning. This program is the next step for players who are ready to move up from the 6u cross-ice league or have graduated from Pre-Hockey.
